JOHNNY WONDER

Q. "HOW DOES A
CATERPILLAR BECOME
A BUTTERFLY?"

TONY BECERRA,
OF SANTA ROSA, CA,
WINS A PRIZE FOR
THIS QUESTION.

It's hard to be-
lieve that a
graceful butter-
fly was once
a wormlike creature called
a caterpillar. A butterfly
begins life as an egg laid
by the female on a plant
that will serve as food for
the caterpillar, or "larva."
When it hatches, the cater-
pillar spends most of its
life eating and growing.
When it is fully grown, the

caterpillar attaches itself
to a twig with a silken
"safety belt" and forms a
hard shell around its body
called a "chrysalis." In-
side the chrysalis, the cater-
pillar changes into a
beautiful butterfly, and
eventually breaks out and
flies away.

You can win a World Alma-
nac if your question is
selected. Send your name
and age to JOHNNY WON-
DER, c/o this newspaper,
P.O. Box 1335, (DA) Santa
Cruz, CA 95061.
